Northwestern University
McCormick School of Engineering and Applied Science
Applied Mathematics Option Form
To be used by students following the 2001 & thereafter degree requirements

This form should be completed by all Applied Mathematics majors by the end of their junior year of study to declare their four Engineering Science Electives. The form should also be used to receive permission to use ES_APPM 399 or 495 as an Applied Math Required Course Elective. If you change your option, a new form must be submitted. Individual courses may be replaced by revising the original form and obtaining the program chair's signature.
